

# Shaker Youth Soccer Association

## VOLUNTEER FORM

### VOLUNTEERS NEEDED

- SYSA is a volunteer run, not for profit organization dedicated to developing and operating programs to provide education and instruction in the rules and skills of the game and to promote youth participation in organized soccer.
- We are affiliated with and operate under the guidelines of three separate leagues. As you might imagine there are numerous rules and requirements with which we must comply. In addition, we strive to provide quality programs and to achieve a level of professionalism in the operation of our association to sustain its good works.
- Undoubtedly few of us realize how much time is involved in bringing these soccer opportunities to our children. There is a small group of individuals who donate 10 to 20 hours *each and every week* to allow your child to play soccer. We are all fortunate that there is a core of extraordinarily dedicated souls willing to work so hard on the behalf of the soccer playing children – *including your child* - in Shaker Heights. We are asking for help in sharing these responsibilities. Last year we had more volunteers than ever. Thanks to everyone for their much needed generosity.

### 2008-2009 VOLUNTEER POLICY

- We ask every family to either commit to one specific volunteer job by signing up at registration and writing the job title and number below, or, to choose not to volunteer and pay a \$50 fee. The fee will help defray the costs of hiring people to do some of the jobs for which we have no volunteers.
- This year we only have 150 volunteer jobs available. If there is not a job remaining (at registration) that appeals to you, you must pay the non-volunteer fee. Also, if you are unable to perform your job during the year, you will be billed.
- If you are mailing in your registration or if there is a job you want to be sure to get, please contact Susan Paul, SYSA's volunteer coordinator [bsncpaul@yahoo.com](mailto:bsncpaul@yahoo.com) , 216-464-4001, with your choice of a volunteer job.
